

Doctors Without Borders – the work of MSF

Wednesday, 15th May 2024 at 2.30 pm on Zoom

We are all aware that there are many problems in the world today. *Médecins Sans Frontières* is an international humanitarian organisation working in more than 70 countries around the world. Their dedicated medical teams risk their lives moving fast to save people in conflict zones, natural disasters and epidemics. **Anna Govett**, the Project Officer working in the MSF UK LEAP education / training programme will tell us, in detail, about the work of these teams which have been treating people caught up in emergencies since 1971. In 2022, MSF admitted more than 1.2 million people to their hospitals, and held more than 16.2 million consultations at mobile clinics and in refugee camps worldwide.

Afghanistan

Ukraine

South Sudan

Panama

Cost for the talk is £2 per device.
